## Happy Hearts Felines find Fur-ever Homes...

### Sheldon

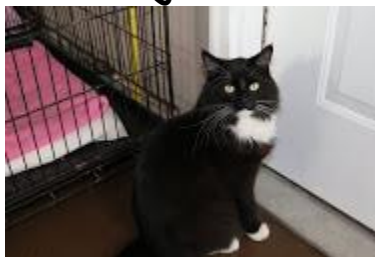

Since joining our family in January, Sheldon has been a sweet, loving, purring machine. He likes to get up early to "talk" and have his favorite treats. He gives hugs when needed and loves to watch birds and squirrels from his favorite window (sometimes falling asleep in the process). He also waits for us by the door when we come home. Life has been much fuller since he has joined us and he has settled into our family quite nicely.

### Silas

Adopting a new cat was my Valentine's Day gift from my husband. We arrived at the shelter and I was so awed by all the sweet kitties available. Silas stood out in that he was outgoing and playful. He had the sort of fun personality I was looking for in a kitten. Bringing him into our home has been a joy. He's energetic and loving. He purrs easily and his favorite spot to nap is in my lap. I absolutely love this little guy and am so pleased with him. I will be recommending Happy Heart Feline Rescue to anyone I know who is wanting to adopt a cat.

### Bagherra

Bagherra (Baggy) has filled a hole in my heart and in my family. He is a funny character. He enjoys sleeping upside down in his bed and curling up in paper bags. Thank you Happy Hearts Feline Rescue.

## What is a Cat?

Gentle eyes that see so much, paws that have the quiet touch.  
Purrs to signal "all is well" and show more love than words can tell.  
Graceful movements touched with pride, a calming presence by our side.  
A friendship that will last and grow, small wonder why we love them so.

## Adoption Opportunities

"There are no ordinary cats" .....Colette

If you think money can't buy happiness, you haven't paid an adoption fee!  
Happy Hearts Adoption Fee is only \$60!

Hi I'm Miss Kitty! I am the most beautiful Calico you have ever seen. Approximately 8 years old, I am friendly and loving, except when threatened by the presence of other cats or animals. I will be placed in a home where I am the "Queen Bee"!

Introducing China - a 2 ½ year old female with a very sweet personality. She is very friendly and outgoing and will do well with loving children.

Loving Chloe - an 8 year old yellow female tabby. Chloe is from a home where she was the only pet with a single owner . We are seeking a similar living arrangement for her, since she is not happy around other animals or children. Chloe is very loving, is especially so to women.

Beautiful Hallie! A 4 year old long-haired Torti cat. Longing for a loving, forever home, Hallie has been juggled among several homes and eventually found herself out on the street. She will warm up quickly to anyone she can trust.

Our cats are neutered or spayed, tested for feline leukemia, giardia and tritrichomonas. They are vaccinated for feline leukemia, rabies and FRCPCP. They are free of parasites.
